7 MODE OF ALLOTMENT (e-Auction)

- 7.1 The bidding will be conducted in Indian Rupees (INR) only.
- 7.2 The bid will trigger off from the price that is the reserve price + (Plus) one incremental value.
- 7.3 **Incremental value: Incremental Value for this auction is @ Rs.30,000/-(Rupees Thirty thousand only).** Minimum Bid increment shall be available to the Bidders at the start of the auction. The bidder can bid higher than the Highest Bid (H1 Price) at any point of time in the auction by multiples of the minimum Bid increment. The minimum incremental value will be displayed against each property on the bidding screen of all participating bidders. The software will not accept any bid other than the multiple of incremental value. As such bid(s) shall be acceptable in multiple of Rs.30,000/- over and above reserve price fixed for each asset.
(Example :- For bidding against reserve price of Rs.87,37,156/- in respect of Core house number B-2, one should quote Rs.87,67,156/- or Rs.87,97,156 or Rs.88,27,156/- or Rs.88,57,156/- and so on).
- 7.4 **H1 Price:** It is the highest value placed in the bid at any point of time during the auction for the property. It will be visible to all the bidders on the screen and the bidders can bid an amount of **"H1price + (plus) incremental value or multiples of incremental value"** only.
- 7.5 **Auto Auction extension of the Closing time.**
- (a) **Auto Extension:** if any bidder submits the bid less than 5 minutes prior to Auction closing time, the system will automatically extend the auction closing time by 10 minutes.
(For Example: If the auction is closing at 15:00Hrs and if any bidder bids between 14:55 and 15:00 , the auto auction extension will extend the auction closing time to 15:10 , and if any bidder bids between 15:05 and 15:10, it will be extended to 15:20 and so on).
- (b) **Unlimited Auto auction extension:** As indicated above, if the bidder bids within the last 5 minutes of the auction closing time, the Auto Auction extension will continue to extend the Auction time till no bid is received within the last 5 minutes of the auction closing time.

7.6 Auto Bid: The Auto Bid feature allows Bidders to place an Automated Maximum Bid in an auction and bid without having to enter a new amount each time a competing Bidder submits a higher offer. Bidders are supposed to quote their next highest price in confirmation to the incremental value and in multiples of thereof only. There is no restriction on changing of the Auto Max Bid/value. **But once Auto Max Bid/value is clicked and frozen, the same cannot be withdrawn at any point of time during the auction period.** However, if the auction is cancelled and new auction dates are announced, the earlier Auto Max Bid/value shall have no relevance. After fixing his highest limit, the manual Bid button will be disabled. The system will automatically bid on his behalf, based in the auction's H1 price. His bidding dashboard will show his Rank, the H1 price and the highest bid ongoing in the auction. Until his auto-bid amount is not reached (in the H1 price Box) for a particular property in the e-auction, the manual Bid button on his screen will remain disabled. Once his auto bid amount reaches or crosses the Auto Max Bid/value amount, then he will have to bid manually otherwise the bidder may opt for auto bid again by setting a new maximum bid amount.

7.7 Successful Bidder:

At the end of the Forward Auction, CDA will decide upon the winner based on the highest bid placed for the property under auction and subsequent acceptance of CDA. The decision of Vice Chairman CDA will be final & binding on all the bidders.

In the event of one bidder quoting the highest bid for more than one asset and becoming the H1 bidder for two or more assets at the closure of the auction, he will be the successful bidder for only one asset for which he has quoted the higher amount than the other bids. In case of such eventuality for the rest of the assets, the H2 bidder will be declared as the highest bidder. And if H2 bidder, who elevated to H1 bidder, in the property and if at all he is not interested to take the property than the EMD shall be forfeited.

This process will be followed to ensure that one asset will be allotted to one applicant/bidder based on his highest bid and multiple allotments will not be made under any circumstances.
